BRISBANE

1992

... from the AWSA President

National Titles are a highlight of our soccer calendar, allowing elite players from all States to compete against one another in a friendly yet fierce competition. I would like to congratulate all those who have been selected to represent their State and wish them personal success in the titles and with national selection.

I remain excited about the continuing involvement of women and girls in soccer, particularly given the growing awareness of the inequalities that have existed in the past by Governments, Governmental agencies and soccer organisations. The Federal Government, through the Australian Sports Commission, have recently emphasised the importance of gender equity to national sporting organisations; a joint working party of the ASF and AWSA is meeting to examine the relationship between those organisations; FIFA is proposing to run a seminar on women's participation and a female squad has been included in the Queensland Academy of Sport. These are encouraging signs and are supported by the array of soccer skills we will see in these titles.

I must congratulate Women's Soccer Queensland and particularly their President, Lyn Ketter, on the great gains that have been made in Queensland and expect that the organisational arrangements will be another example of the strength of WSQ. I would like to thank all officials, volunteers, coaches and managers for their contribution of time, effort and enthusiasm to this great game. I look forward to spending some time here during the week to watch some exciting soccer and renew my acquaintance with friends from other States.

... from the Executive Director

I clearly remember 1982 when the South Queensland Women's Soccer Association hosted the 9th National Championship. It was the first and only time North Queensland participated and it was my first year as a Team Manager.

The newly formed "Women's Soccer Queensland" (which incorporates the whole State of Queensland) is no doubt proud to host the 19th National Championship at Atlanta Fields this year.

Queensland is the only women's association to have its own fields and plans are afoot to expand the facilities further. The expected dry weather conditions should present an interesting change from the previous few years when teams have played on heavy fields in Canberra and Sydney.

As current champions, Queensland will be aiming to keep the Championship Cup in Brisbane and achieve back-to-back victories for the first time.

All teams will do their best to challenge for the Cup and going on last year's results, the competition should be tough and unpredictable.

I would like to thank Lyn Ketter and the WSQ volunteers for their work in organising the championships. Good luck to all players and officials for an enjoyable and sunny tournament.

... from the host President

Welcome to the 19th National Australian Women's Soccer Championships and to our distinguished guests, players, officials and supporters.

We are pleased to be able to host our first National Titles as Women's Soccer Queensland, at Geebung. It has been ten years since we last hosted the National Open Championships under the banner of South Queensland Women's Soccer Association.

Women's soccer in Queensland has moved ahead in leaps and bounds in the past twelve months with the formation of our new State Association and, more recently, the introduction of soccer into the Academy of Sport. The growth of the number of participants in women's soccer is very evident and will hopefully continue to grow in the years to come.

I would like to thank my Committee for all their hard work in preparing the grounds and facilities and organising the week's competition. I would also like to thank all coaches, managers and State Associations for the effort I know is involved in preparing a team for National Titles. It is great to see you all here. I hope the weather is kind and that you all have an injury-free tournament.
